Work Experience-3:

Currently Working as “ReactJS Developer” with Urban Tech services, Hyderabad from Apr-2023 to till date

Roles & Responsibilities:

- Had a deep understanding of various concepts of ReactJS such as hooks, conditional rendering, life cycle methods, Routing and Redux.
- Worked on some personal projects such as color generator, Birthday Calendar Care, e-commerce cart, CRUD operations with React Redux, Boutique and Restaurant Application etc.
- Gaining familiarity with MuleSoft and preparing for the certification.

Work Experience-2:

Company	Global Logic India Pvt Ltd
Job Role	Senior Software Engineer
Technology	HTML, CSS, JavaScript & ReactJS
From	Jul-2022 to Nov-2022

Roles & Responsibilities:

- With a primary focus on frontend, I've contributed to the development of various UI components for an e-commerce platform using React JS and axios for CRUD operations of an API.
- As a policy of the company, I need to be prepared for the client interviews anytime, thus acquired good understanding of React JS and other required UI essentials in that fast-paced learning environment.
- While transitioning to be a Full Stack developer, specifically Node JS, learned key concepts like express framework, various request and response methods, middleware, and routing techniques etc.

Work Experience-1:

Company	AECOM India Pvt Ltd
Job Role	AFC Engineer
From	Dec-2018 to July-2022
Project	Hyderabad Metro Rail Ltd

Roles & Responsibilities:

- Responsible for Project Execution, Managing and Building up Technical and Operational requirement for Metro Rail Systems.
- Responsible for Preparation of System Document as per Project Requirements.
- Responsible for Complete Testing and Commissioning of all AFC Equipment's.
- Review the Test cases, plans and Results.
